2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Failure to timely respond to this notice will result in:

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

Continuation of 5 Other: In order to be entitled to reconsideration or further examination, the applicant must reply to the Office action. The reply must present arguments pointing out the specific distinctions believed to render the claims, including any newly presented claims, patentable over any applied references, as MPEP 714.04 states "in the consideration of claims in an amended case where no attempt is made to point out the patentable novelty, the claims should not be allowed." The applicant added claims 18-28 without any arguments regarding the novelty of these newly added claims.
